

Changes to 'low priority' prescribing survey results

The CCGs have made some changes in relation to an area called 'low priority prescribing' in line with many other NHS organisations in Lancashire and nationally. This infographic shows the results generated from a survey sent out to local residents in Chorley, South Ribble and Greater Preston.

Gender

Male: 421
Female: 767

1,400

People completed the survey

Comments from the survey

"Won't need a GP appointment"

"Will help reduce cost to the NHS"

"Gob-smacked - I didn't realise that you (NHS) prescribed all these"

"A great idea"

Some of the products that people thought we should stop prescribing include:
